Acting Assistant Director, ORR [redacted] 21 July 1954

Chief, St/PC

Analysis of ORR Production, 1 January 1951 through 30 June 1954

1. Herewith are several statistical presentations of ORR production (published or otherwise disseminated papers), since the inception of the Office in 1951. These summaries are based on records maintained in St/PC and its predecessor, the ORR Reports Division. Every effort has been made to attribute to present ORR components the production of past years under various reorganizations. Production of the Cartographic Division, OCh/C, has not been included here because the divergence in the production basis (number of maps, graphs, etc.) would greatly overweight the statistics.

2. This material has been prepared for inclusion in the ORR presentation to the Clark Committee, and will be supplemented by graphics which should be completed Friday, 23 July.
